THE ANSWER IN THE MIRROR

"While drinking, we were certain that our intelligence, backed by will power, could rightly control our inner lives and guarantee us success in the world around us. This brave philosophy, wherein each man played God, sounded good in the speaking, but it still had to meet the acid test: How well did it actually work? One good look in the mirror was answer enough." *Reprinted from "As Bill Sees It" p. 225 with permission from AA World Services.*
