REASON: A BRIDGE TO FAITH:

"We were squarely confronted with the question of faith. We couldn't duck the issue. Some of us had already walked along the bridge of reason toward the desired shore of faith, where friendly hands stretched out in welcome. We were grateful that reason had brought us so far. But, somehow, we couldn't quite step ashore. Perhaps we had been relying too heavily on reason that last mile, and we did not like to lose our support."
