RESULTS OF PRAYER:

"As the doubter tries the process of prayer, eh should begin to add up the results. If he persists, he will almost surely find more serenity, more tolerance, less fear, and less anger. He will acquire a quiet courage, the kind that isn't tension-ridden. He can look at 'failure and success' for what these really are. Problems and calamity will begin to mean his instruction, instead of his destruction. He will begin to feel freer and saner." *Reprinted from "As Bill Sees It", p. 321 with permission from AA World Services.*
